

OUR VISION

To be the global leader in the market, through flawless execution, a fresh perspective and independent advice.

Our digital services enable our people to be the best they can be and deliver service excellence through digital tools.

KEY BENEFITS

Flexibility
Tailored to Client needs

Visualisation
Instant understanding of Property Portfolio

Efficiencies
Up to 75% more efficient than manual report production

Expertise
50+ years of combined delivery team experience

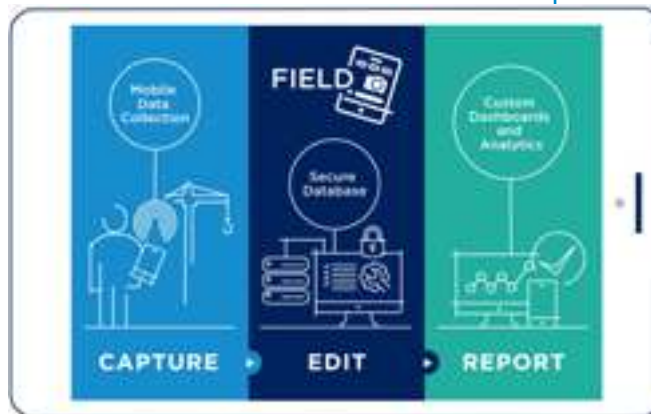

OUR DIGITAL SERVICES INCLUDE

RLB FIELD

Our in-house tablet/mobile application provides our surveyors and project managers with the ability to capture client data live on site via electronic forms.

Field focuses on three objectives:

1. Enhance the productivity of users through the replacement of document production
2. Provide a consistent method of data capture
3. Capture accurate client data for future analysis

2 million+ records submitted

750+ electronic forms developed

1 million+ photographs captured

RLB FOCUS

Our cloud-based reporting tool combines data from multiple sources and presents the analysis as a series of simplified interactive dashboards. Focus provides:

- User interaction via responsive visuals so you can explore and interrogate your data
- Live reporting of data captured on site from Field/other data sources
- Better responsiveness to emergent issues
- Multi-level project & programme reporting

Our digital services can offer innovative delivery solutions across RLB's full range of construction, property and management services, including:

Asset Optimisation

- Condition surveys
- Pre-acquisition surveys
